

Sustainability

At Sa Calma Boats, sustainability is an essential part of our mission. Through our collaboration with the **Vellmari Association**, we actively work in marine conservation, raising awareness among our visitors about the **biodiversity of the Mediterranean and the importance of protecting Posidonia oceanica meadows**.

As part of our commitment, we offer **educational workshops on board**, where guests learn about the impact of pollution, marine life conservation, and sustainable boating practices. Led by **marine biologists**, these activities combine theory with practical experiences such as snorkeling, allowing attendees to observe marine ecosystems firsthand.

Our goal is to raise awareness among at least 50% of the tourists we receive each year, ensuring that their experience at sea is not only unforgettable, but also an opportunity to promote more responsible tourism.

Reservation policy and cancellation policy

Billing
